

METAL DISINTEGRATORS

3000-lb. 36" Magnetic Fixture

Portable magnet-base fixture attaches to ferrous surfaces with 3,000 lb. (1360 kg) of holding power

36" column, 15" crossarm

Head and crossarm both rotate 360 degrees

Adjustable depth stop

Lifting eye for easy transfer of entire unit

Auto Feed eliminates operator error and maximizes performance while minimizing electrode usage

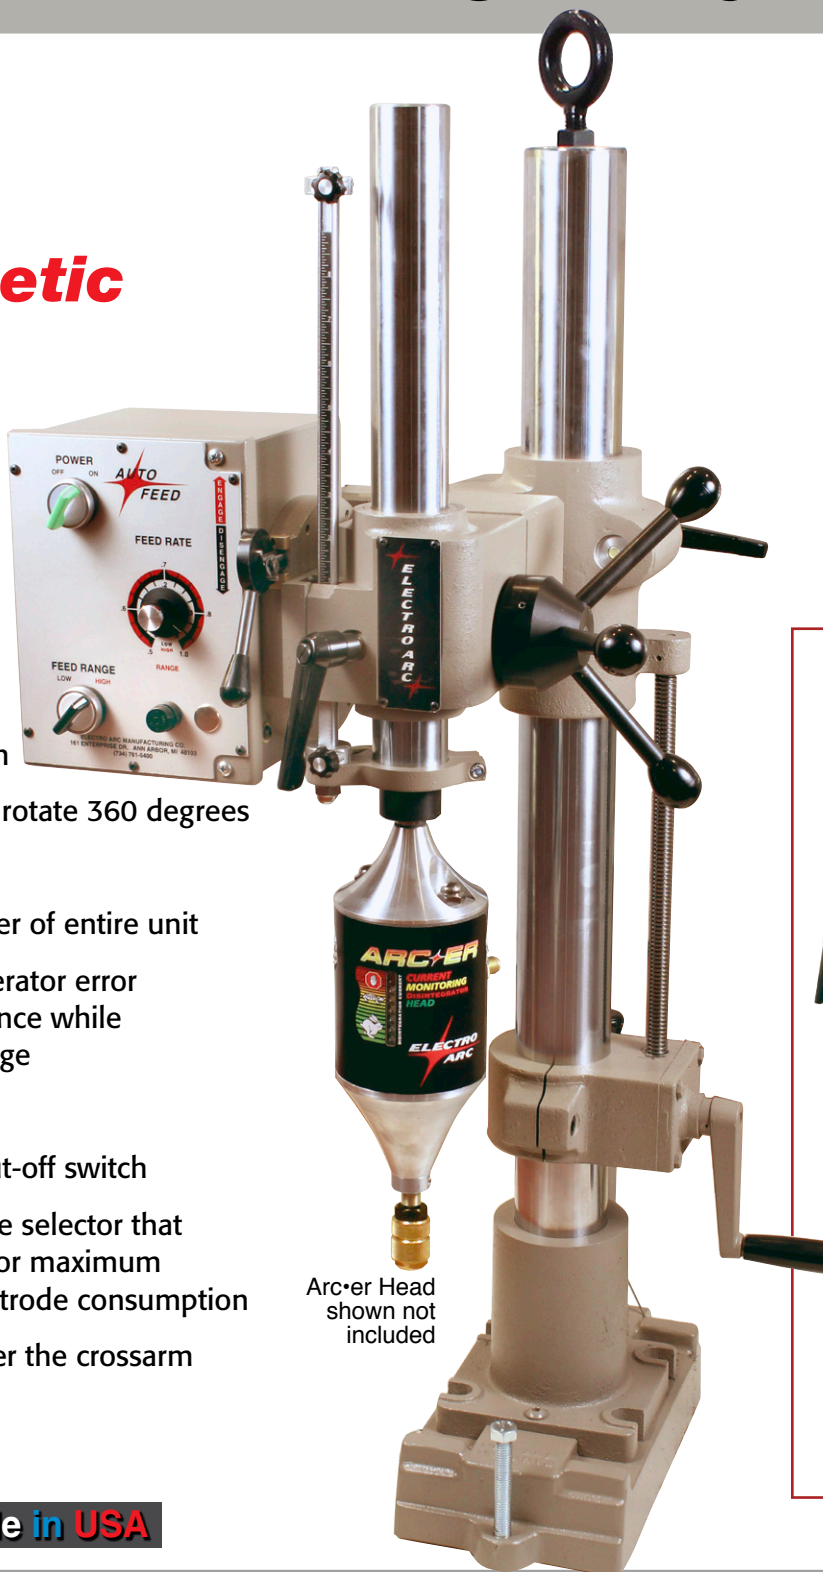

9" uninterrupted feed

Adjustable automatic shut-off switch

Variable 2 speed feed rate selector that maintains efficient feed for maximum productivity and less electrode consumption

Lift rack to raise and lower the crossarm assembly

Part #A2414

Arc'er Head shown not included

Arc'er Head shown not included

Without Auto Feed and Lift Rack
Part #A2407
